

*The Rodriguez Family
Missionaries in Panamá*

February 2011

Dear Pastor and Friends:

God bless you! We send you warm greetings from the country of Panama! We are in the summer months which means hot and dry weather for VBS, Summer Camps, and other summer activities. We are excited to see what God is going to do in 2011 and I am expecting for Him to do something BIG. One of the reasons being that Satan has attacked our workers, our church, as well as myself and I know that in these difficult situations is when God is glorified in a great way.

The third week of January we attended the **National Fires of Evangelism Conference in David, Panama**. The majority of the Baptist churches in Panama attended this conference. We were especially excited to see **the parents of Karolina, Miriam, Maylin, y Leydis attend one of the nights**. We have been inviting them to church for a couple of years now but they have never made it; praise the Lord that they made it to the conference where **they were explained the gospel and they both received Christ as their personal Saviour**.

The first week of February we held our **Vacation Bible School**. We had a **total attendance of 167 children** that attended with **23 of those children asking Jesus into their hearts**. The Sunday that followed, December 6th, we had "Diploma Sunday" and, Praise the Lord, the church was packed. The end of February a few of our teens attended Teen Camp. We were pleased that they had a great time but we are excited more over the fact that each one has made decisions to serve the Lord. Please pray for our teens to stay faithful to God and strength to keep their decisions. We have also held our Mission's Conference. I preached and taught on missions for the month of February and we ended the month with our mission's conference. We currently support six missionaries and were able to add one more.

Our church helped with the planning of a Medical Mission's Trip to the mountains with a group of doctors that came from the states. We wanted to help a new church that was recently started in that area. The doctors saw over 400 patients and there were also over 90 people that trusted Christ as their Saviour.

Once again, thank you for your faithful prayers and support and for allowing us to represent your church in Panama!

May God bless you, your ministry, and your family.

Sincerely your servants in Christ,

Rafael, Tracy, Evelyn, Emily, and Rafael Jr. Rodriguez

Reaching Panama for Christ
